DeWitt

STRATEGY / PROJECT MANAGEMENT / ECONOMIC DEVELOPMENT

CAPABILITY STATEMENT

NEW JERSEY | DISABLED VETERAN-OWNED BUSINESS

We manage the projects that build communities and grow economies. DeWitt integrates public and private priorities, market intelligence, project management, government affairs, and qualified specialty partners to pursue measurable economic and infrastructure results.

CORE SERVICES

- Economic development and commercial market-entry strategy
- Integrated program / project management and project controls
- Agricultural supply chains, market access, and processing-facility development coordination
- Infrastructure and commercial redevelopment coordination
- Government affairs, corporate citizenship, and public-sector stakeholder engagement
- Business intelligence, continuity, resilience, and logistics planning
- Brand positioning, executive communications, and intellectual-capital programs

ILLUSTRATIVE ENGAGEMENTS

- Plan a regional meat-processing facility or cold-chain hub
- Coordinate municipal orchards, community farms, or local food assets
- Connect agricultural producers with interstate or international markets
- Manage building rehabilitation, road-improvement, or commercial development workstreams

WHO WE HELP

- Federal and New Jersey government agencies
- Counties, municipalities, and public authorities
- Government prime contractors and specialized firms
- Corporations, developers, agribusiness, and institutions

OUR DELIVERY ADVANTAGE

- One accountable coordinator across multiple disciplines
- Mission-oriented strategy linked to defined milestones
- Partnership-focused execution with qualified experts
- Northeast and metropolitan New York market focus

COMMERCIAL ENGAGEMENT MODEL

Direct: analysis, strategy, program design, stakeholder and vendor coordination, project management.
Teamed: licensed design, construction, transport, specialist field services, and technical implementation where required.
